Each year we gather information about emerging patient safety issues from widely recognized experts and stakeholders. This information is the basis for our National Patient Safety Goals ®, which we tailor for each specific program. It also informs our sentinel event alerts, standards and survey processes, performance measures, educational materials and Joint Commission Center for Transforming ...

National Patient Safety Goals | The Joint Commission

When multiple pathogens cocirculate this can lead to competitive or cooperative forms of pathogen–pathogen interactions. It is believed that such interactions occur among cold and flu viruses, perhaps through broad-acting immunity, resulting in interlinked epidemiological patterns of infection. However, to date, quantitative evidence has been limited. We analyzed a large collection of ...

Virus–virus interactions impact the population dynamics of ...
