about light, shade and tone give helpful advice on capturing the essence of the drawing.

Art of Drawing: Drawing Hands & Feet
by Giovanni Civardi ...

Just like drawing hands, it is better to break down the feet into simpler forms.

Read Book Drawing Hands Feet Form Proportions

The movement of the feet is more limited than the hands' since they are mostly used for standing and walking. The big toe can be looked at separately from the other toes to find the most dynamic pose. Drawing the sole might be a little difficult from certain angles.
