Series
evidence-based nursing specialty practice that addresses the unique physiological, psychosocial, developmental, economic, cultural, and spiritual needs related to the process of aging and care of older adults. Gerontological nurses collaborate with older adults and their significant others to promote autonomy, wellness, optimal functioning, comfort, and quality of life from healthy aging to end of life.

Scope of Gerontological Nursing Practice | Nurse Key

Gerontological nursing is the specialty of nursing pertaining to older adults. Gerontological nurses work in collaboration with older adults, their families, and communities to support healthy aging, maximum functioning, and quality of life. The term gerontological nursing, which replaced the term geriatric nursing in the 1970s, is seen as being more consistent with the specialty's broader focus on health and wellness, in addition to illness. Gerontological nursing is important to meet the health

Gerontological nursing - Wikipedia

The Gerontological Nurse Educator possesses the requisite knowledge and skills to prepare students to deliver high quality nursing care to diverse older adult populations. This includes gerontological, geriatric, and geropsychiatric knowledge and skills that can be obtained through post-baccalaureate formal education, or other professional development programs/activities.
