Appendix D: Surge Pressure Calculations | Engineering360

Pipeline Risk Controller, Version 2.0, Gulf/Elsevier Publishing . Here is a program that might change how you operate or design your pipeline systems! Using risk management concepts, PRC allows you to divide your pipeline system(s) into sections, gather meaningful data on each section, and assess the risks of each section. A host of analytical routines then allows you to slice and dice the data to get information out of the numbers.
