Photography

One of the biggest portrait photography tips we can give you is to use natural light. Using natural light which enters through a window is a great way to get soft light to an indoor subject. This lighting costs nothing and is often overlooked as a viable source. The effect of the window on the outdoor light is the

8 Portrait Photography Tips Every Photographer Should Know

In portrait photography,
there are some standard
guides for the ' crop ' ,
or 'frame' of a portrait.

This is important,
because the crop can
affect the pose. The
standard guides are: the
headshot, head and
shoulders shot, half body
shot, three quarter body
