On its face, China may seem like a single unit governed by control from the top-down. But below the surface lie many different strands. China is a tiger head, with many different snake tails (hence the name of the book). How can China's constraining political control system continue to cope with such a fast-changing, multi-dimensional society?

~~Amazon.com: Customer reviews: Tiger Head, Snake Tails ...~~

Jonathan Fenby's Tiger Head, Snake Tails is a very current survey of what its subtitle says it will do:

Bookmark File PDF Tiger Head Snake Tails China

Today, How It Got There
And Why It Has To Change

describe China today, explain how it got where it has, and consider where it will go. Fenby intends the primary title to mean that the big story of China's rise and its global consequences (the tiger's head) is actually determined by "a host of down-to-earth factors which actually determine how the country functions and where it is going".
